PERSONAL STATEMENT

An individual who is passionate about data science and machine learning and a team player with strong communication skills, adept at solving complex problems quickly and innovatively.

EXPERIENCE

Intern - Customer Success

IDS Next Business Solutions Pvt Ltd

Jul 2024 - Present

Supported clients by resolving financial errors, login issues, and billing challenges in a SaaS-based system. Gained hands-on experience with the FX platform, improving my technical skills, problem-solving, and communication in a customer-focused environment.

EDUCATION

B.Sc.(Hons) Artificial Intelligence & Data Science

Informatics Institute of Technology | 2022 - Present

Undergraduate - BSc (Hons) Artificial Intelligence & Data Science affiliated with **Robert Gordon University, Aberdeen, Scotland**

Relevant Coursework - Artificial Intelligence, Advanced Mathematics, Data

Science Group Project, Data Engineering, Machine Learning, Simulation and Modelling Techniques, Object Oriented Development , Deep Learning Architecture, Neural Network Language Modelling

PROJECTS

Acci Tracker: A Road Accident Prediction App

Technical Proficiency: **Machine Learning (Logistic Regression, Random Forest classifier)/ Flask/ Git & Git Hub] , Python**

Wine Quality Predictor (Ongoing)

Technical Proficiency: **Machine Learning (Random Forest Classifier), Python**

HCHO Insight: Analyzing Air Quality & Climate in Sri Lanka

Technical Proficiency: **Machine Learning (LSTM), Spark, Power BI**

Predicting Income Using Census Data

Technical Proficiency: **Machine Learning ((Naive Bayes, Random Forest Classifier)/ Git & Git Hub**

MANS Fitness Web Application

Technical Proficiency: **HTML, CSS, JavaScript/ Git & Git Hub**

Rally Championship Management System

Technical Proficiency: **Java, OOP, Scene Builder, Git**

SCAMS Club Membership Management System

Technical Proficiency: **Java, OOP, Git, Scene Builder**
